PRODUCTION READINESS CONTROL BOARD

Governance, Quality & ALM Skills Index

A release is ready when architecture, access, tests, deployment, and operations all have evidence.

Microsoft-published · 135 | MIT licensed · 134 | Catalog refreshed on 5 Oct 2026

108 skills | 24 MCP | 5 reference

A skill's **Purpose** badge is its *global lifecycle intent* (Build · Author · Review · Deploy · Operate · Govern · Migrate).

1 PLAN & SECURE

Architecture & Access · Solution topology and role permissions — 4

Plan ALM ↗
GOVERN
Choose solution boundaries, pipelines, and deployment topology.
Power Platform Skills — Skill

Security Review ↗
REVIEW
Run a security-focused site assessment.
Power Platform Skills — Skill

Audit Permissions ↗
REVIEW
Review table permissions and scopes.
Power Platform Skills — Skill

Dv Security ↗
GOVERN
Roles, users, application users, business units, and access.
Dataverse Skills — Skill

→

2 TEST & REVIEW

Quality & Assurance · Multi-pillar testing and static review — 6

Test Site ↗
REVIEW
Crawl pages in a real browser and inspect console/network failures.
Power Platform Skills — Skill

Pro-Code Eval ↗
REVIEW
Generate feature, unit, and security evals for Code Apps and GenPages.
Power CAT Skills — Skill

debug-app / diagnose-flow ↗
REVIEW
Investigate runtime failures.
Power Platform Skills — Skill

Overflow ↗
REVIEW
Solution-wide cloud-flow review.
Power CAT Skills — Skill

OverPage ↗
REVIEW
Six-pillar Power Pages review.
Power CAT Skills — Skill

Canvas performance ↗
REVIEW
Delegation and performance audit.
Power CAT Skills — Skill

→

3 DEPLOY & OPERATE

Release & Operations · Pipelines, deployment and tenant monitoring — 6

Setup Pipeline ↗
DEPLOY
Configure Power Platform pipelines.
Power Platform Skills — Skill

Dv Solution ↗
DEPLOY
Create, export, import, promote, and validate solutions.
Dataverse Skills — Skill

deploy · Governance ↗
DEPLOY
Push product artifacts.
Power Platform Skills — Skill

Admin Digest ↗
OPERATE
Prioritize Message Center, health, issues, and deprecations.
Power CAT Skills — Skill

Manage Flows ↗
OPERATE
Publish, disable, copy, inventory, test, and batch operations.
Power Platform Skills — Skill

Dv Admin ↗
OPERATE
Retention, archival, settings, audit, recycle bin, and bulk delete.
Dataverse Skills — Skill

A release is ready when every stage — Plan & Secure → Test & Review → Deploy & Operate — has evidence. Purpose badges describe each skill's lifecycle intent.

Admin companion · not a skill

Power Platform Admin in Copilot Cowork

Preview | Read-only | Microsoft 365 plugin

Ask plain-language questions about your Power Platform estate in Microsoft Copilot Cowork. It gives read-only insights and guidance and doesn't run admin actions. Use it with the skills above, which build, review and deploy.

Prerequisites

- **Install:** Microsoft 365 admin or Copilot admin, in the M365 admin center under Agents → Tools → Registry
- **Connect:** Global, Power Platform or Dynamics 365 admin role, through the Power Platform for Admins V2 connection (OAuth)
- **Cowork access,** configured separately

Inventory | Usage | Governance | Capacity | Licensing

Set it up in M365 admin center → Step-by-step guide (Microsoft Learn)

Build → Review pairings

Change	builder output	→ independent review evidence	**Deployment**	pipeline/solution promotion	→ smoke test + rollback plan
Operation	monitoring owner	→ incident and change digest			

Daily decision rule

Do not treat 'build succeeded' as 'production ready.' Require evidence for design, access, quality, deployment, rollback, and ownership.

Portability: most pure Agent Skills are broadly installable on compatible hosts. Adapt host-specific tools, paths, plugins, permissions and MCP configuration.
